PROFILE SUMMARY

I'm Abid Abderrahim, a 25 year old Full-Stack Developer and UI/UX Designer from Morocco with over 2 years of hands on experience in freelance software development and design. I specialize in building modern, user centered web applications from concept to deployment. As a self taught professional, I'm passionate about continuous learning and staying current with the latest tools, frameworks, and design trends. My work blends clean code with intuitive user experiences to deliver high impact digital solutions.
